GSAW2005

Ground System Architectures Workshop

March 1 – March 3, 2005

Preworkshop Tutorials February 28, 2005

Manhattan Beach Marriott, Manhattan Beach, CA

*Mark your calendar today and join us next year for the
Ground System Architectures Workshop 2005*

We're already planning next year's 9th annual workshop and tutorial sessions. As the technological challenges and complexities of ground systems increases, so does the need for this unique international forum that brings together government and civilian spacecraft ground system users, developers, and researchers.

Don't miss GSAW2005!
