

Project Name: Conference Trip Planner

Sponsor(s): Tess Reyes (tess@usc.edu) and Elen Castillo (elenc@usc.edu)

Partner(s):

Background:

CST staff periodically need to travel. We must make and track the arrangements.

Problem Statement:

We need a web based system which can pull together flight information, hotel information and build a personalized itinerary as well as track covered expenses.

Constraints:

Needs to run on CST's intranet.

Desired Deliverables:

A web site which could pull together the travel information sources and pricing as well as track costs and itinerary.

Sync data to palm pilot.
