**CS577a Quiz 9/16/02**

For questions 1-2, consider USC Webmail (email.usc.edu)

1. List one of the nominal capability requirements that it satisfies and one of its off-nominal capability requirements.
2. List one of the Level of Service requirements that you would like it to satisfy but that it doesn't always satisfy.
3. What does the M.A.R.S. do for the "necessary condition" for Project and L.O.S. requirements?
