

# 18<sup>th</sup> COCOMO/SCM Forum Agenda

## Tuesday, October 21<sup>st</sup>:

**7:30-8:00 Continental Breakfast**

**8:00-11:30 Sizing tutorial,  
General COCOMO suite tutorials – moderator Dr. Barry Boehm**  
Koni Thompson, David Consulting Group;  
*Evolving Standards in Function Point/Lines of Code Ratios*

**11:30-12:30 Lunch**

**12:30-1:50 Sizing – moderator Winsor Brown**  
JoAnn Lane, San Diego State U  
*Learning to Size Software: Experiences in the Classroom*  
Jairus Hihn, Karen Lum, JPL;  
*Improving Software Size Estimates by  
Using Probabilistic Paired Ratio Comparison Matrices*  
Anca Juliana Stoica, Royal Inst. Technology, Sweden;  
*An Internet-Intranet Solution for Software System Sizing Based on  
Use Cases*

**1:50-2:10 Break**

**2:10-3:30 Sizing – moderator Winsor Brown**  
Richard Stutzke, SAIC;  
*Do Specification Characteristics Correlate with Delivered Software  
Size?*  
Yue Chen, Ray Madachy, USC;  
*Results of eServices Product Sizing Metric Correlations*  
Chris Miller, SPC;  
*Systems Engineering Size Measures*  
Lee Fischman, Galorath; Daniel V. Ferens, AFRL/IFEA;  
*Critical Mass: Estimating software size from use case points and  
requirements repositories*

**3:30-3:50 Break**

**3:50-5:10 Panel: Model Vendor Approaches to Function Point/SLOC Backfiring  
– moderator Dr. Barry Boehm**  
Panelists: Lee Fischman, Galorath; Dan Ligett, COSTAR; Ray Madachy,  
CostXpert; Arlene Minkiewicz, PRICE S (invited), Larry Putnam, SLIM  
(invited)

**5:30-8:00 Affiliates' dinner and Workshops kickoff (Faculty Center)**
